A NOTE FROM THE PUBLISHER

TLPA's 100th Annual Convention & Trades Show is a must-attend event. Review the convention agenda and you will see this convention is about winning market share through innovative technology, diversification of service, better workforce management and improved customer service.

It's all new—a condensed, three-day format; a keynote speaker at each of three general sessions; Learning Labs that are 30 minutes of expert presentation followed by 25 minutes of group discussion; a rebranded, vibrant trade show now called Transportation Solutions MarketPlace; enhanced social functions for expanded networking opportunities; and much more.

It's not too late for you to attend. Flights to and rooms in Las Vegas are plentiful and reasonable. If you are not already registered, read this issue first and then make arrangements to attend and benefit from TLPA's best-ever convention.

I look forward to seeing you there.
